Local forecast  
Partly cloudy tonight; Sunday fair south portion, showers central and northern portions.

At the Temple tonight will be the Pathe News and a Lubin comedy and "The Esterbrook Case," a three-reel Vitagraph drama. Monday afternoon and evening there will be "Cabiria," the greatest spectacular picture ever her aunt, Mrs. J. K. Hickson. Early this picture, and it will take three hours to run it off, consequently it will only be run twice. The first run will begin at 3:30 p. m. and the second at 7:30, so all who want to see this finest of features should be in their seats a few minutes ahead of time.

Mr. John Chazal, while assisting in the work of making ready at the granary of L. R. Chazal & Sons yesterday, had the middle finger of his left hand badly mashed. He was helping carry a heavy piece of sheet iron, when one of the men helping him dropped his end, causing the entire piece to fall and catch Mr. Chazal's hand under it. He is able to be around today, but suffers considerable pain.

Fresh shipment of Norris' famous PEANUT BRITTLE received every few days at the Court Pharmacy. tf

### MARION COUNTY

(S. J. McCully, U. S. D. A.)  
Marion county today has an unusually large crop of corn. I don't only mean unusual in acreage, but in yield. Of corn she will yield 50 per cent more this year than she ever has heretofore. I have been asked how could I account for this unusually large yield. It is because the farmers are preparing their land more thoroughly, plowing in more humus and cultivating better and using improved implements, using more horsepower and less manual labor. The U. S. department of agriculture has to a great extent brought about this improvement in agriculture in this county. Possibly the question may be asked what are the farmers going to do with this large yield? We have several companies organized in this county who propose to buy all the surplus corn from the farmers. If this proves a success (which I dare say it will) Marion county will grow by leaps and bounds. In agriculture you will see better and larger barns built to take care of the various crops, and the farmers will be much better off when they get down to the growing of staple crops entirely.

Marion county not only has a bumper corn crop, but has the finest crops of peanuts, velvet beans and sweet potatoes, and the farmers will fatten thousands of head of beef cattle and hogs. If the hogs and beef cattle could be properly handled this fall there would be but little, if any, pork shipped in this county.

With all of Marion county's large crops this year I believe that she is just entering the dawn of an agricultural and horticultural section. Marion county has a great possibility in both of these lines as well as stock raising. I dare say Marion county has more silos than any county in this part of the state, and the trend is steadily drifting to stock raising, for it has been proven by the best agriculturist that no grain, such as oats and corn, should be sold off the farm, but only through stock. Feed it to your stock and sell the stock.

Mr. David Barry of Orange Lake, was among the Star's pleasant callers Friday afternoon. He says the Orange Lake section is rapidly regaining its old time prosperity, and the past few weeks especially have been very encouraging to the business interests.

Miss Sue Moore left this afternoon for Micanopy for a short visit with her aunt, Mrs. J. K. Hickson. Early next week she will go to Jacksonville, where she will be met by her parents, Mr. and Mrs. T. M. Moore, and they will visit in the metropolis for a few weeks.

Bring us your tires and tubes to be vulcanized. We have the best equipped plant, in apparatus, material and knowledge in this section of the state. A casing vulcanized by us is as good in that spot as if it were new. We do not patch tubes, we VULCANIZE them. Davies, the Tire Man. 8-12-tf

### RECOMMENDS CHAMBERLAIN'S COLIC, CHOLERA AND DIARRHOEA REMEDY

"I never hesitate to recommend Chamberlain's Colic, Cholera and Diarrhoea Remedy," writes Sol Williams, merchant, Jesse, Tenn. "I sell more of it than any other preparation of like character. I have used it myself and found it gave me more relief than anything else I have ever tried for the same purpose." Obtainable everywhere.

Fan-Shaped Tree.  
Elm trees have been planted in the squares and parks of our city where you may make their acquaintance. They are trees you can learn to recognize at a distance because of their general form or habit of growth. A well-grown tree is broad and rather flat across the top, and for this reason it is called a fan-shaped tree.

Hadn't Looked for That.  
"When we bought dear little Bobby the electric flashlight he had been begging for so long," says a mother. "We never anticipated that the first time we had company he would hold it up to the guest's ear and say: 'Oh, I just want to see if your ear is clean!'"

Keep Ham Moist.  
Boiled ham is a most useful and popular dish, but it is inclined to get hard and dry when stored. To prevent this, spread over the cut portion with a thin layer of butter, then with a layer of flour paste and the ham will keep beautifully moist.

Few Others Know of It.  
Many a man who says he studies to please expends most of his efforts on himself.

### WARNOCK-WESTFIELD

Judge W. E. Smith received a hurry call last evening after he had left his office and returned at once to find in waiting Mr. R. W. Warnock of Oxford, and Miss Vida E. Westfield of Island Grove, who having some weeks ago secured the necessary license, requested him to perform the ceremony that allowed them to share each other's world goods, et cetera, thru life. The ceremony was performed in real official style in the courthouse corridor, and the happy couple went on their way rejoicing. They will make their home at Oxford.

### A SPECIAL MEETING

Every member of the Ladies' Aid Society of the Presbyterian church is earnestly requested to come to the church Monday afternoon at 4:30 o'clock. Important business regarding the manse is to be transacted.

### HAS RETURNED HOME

Times-Union: Rev. Dr. William H. Dodge, pastor of the East Jacksonville Presbyterian church, who left several weeks ago on his annual vacation and outing, returned yesterday to the city greatly benefited by his trip and announced that he will resume his work tomorrow, preaching at the morning services and the night services.

Dr. Dodge visited with his son and family, Rev. Witherspoon Dodge, in Anderson, S. C., and while there preached at his son's church. The services tomorrow in the East Jacksonville Presbyterian church will be held at 11 a. m. and 7:45 p. m., the public being most cordially invited to attend.

Announcement is made that Dr. Dodge's son, Rev. Richard Dodge, of Clearwater, will conduct the services today in the Springfield Presbyterian church.

### Angleworms and Rain.

Just why the angleworm comes out of the ground after a soaking rain when its natural tendency is to seek the deep, moist part of the earth in times of drought was long a puzzle to the naturalists. The enthusiastic fisherman will tell you that the only way to find any fishing worms when the soil is very dry is by digging down to where it is damp or by sprinkling the ground thoroughly the night before you intend to dig. It is evident that the Lumbricidae like water. The other recently discovered fact about them is that they also like air and cannot live without it. When it has rained until the earth is thoroughly saturated Mr. Angleworm has to crawl out of the ground in order to keep from drowning.—St. Louis Globe-Democrat.

### World's Finest Equestrian Group.

London's statues are generally the laughing stock of foreign visitors. They are called "jokes in stone" and other rude names. It is all the more gratifying to find one at least of these generally despised objects gaining the applause of qualified judges. A party of Belgian sculptors and artists on a recent visit were moved to proclaim their conviction that the quadriga of "Victory" on the arch at the top of Constitution hill was not only the finest equestrian group in England, but in the whole world! The sculptor, Captain Adrian Jones, once told the writer that it was twenty years after the first sketch was made that the group was finally put in position.—London Standard.

### The Hot Air Furnace.

There was a young publisher, who made a sudden fortune by appealing to that largely neglected class which we call coedites. Gaining riches, the young publisher retired and was seen less and less in his old haunts.

"Where's Lawrence?" some one asked of "Mr. Dooley."  
Dooley answered, "Oh, he's uptown now, warming his hands at the social register."

### Russia.

Russia took its denomination from the Ross, or Russ, a people of the south of Russia, who possessed themselves of the country in the declining days of the Greek empire. Being the predominant inhabitants, they imposed their name on all the rest.

### Winning a Pleasant Look.

Father—There, now look pleasant, boys. Here's a penny for each of you! (After the picture is taken) Finely done! Now give me the pennies back again.—Meggendorfer Blatter.

### The Worm.

"The Meek One—My wife says I'm a 'worm.' The Friend—Why don't you retaliate? The Meek One—Why, if I 'turned' she'd be sure of it.—Puck.

### A WAY OUT

#### A Resident of Ocala Shows the Way

There's one effective way to relieve kidney backache. Liniment and plasters may relieve it; But they seldom reach the cause.

Backache is cause to suspect the kidneys. Ocala people back them up. Read a case of it.

L. C. Pafford, carpenter, 29 E. Monroe St., Ocala, says: "Last spring I had a bad case of backache. I couldn't straighten up after I once stooped over, unless I took hold of something for support. Often I could see dark spots floating in front of me and sometimes everything before me became black. A druggist recommended Doan's Kidney Pills to me, saying that he had nothing better in the store, so I got a box and began using them. I could see their good effects from the first few doses and one box cured me."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Pafford had. Foster-Milburn Co. Props., Buffalo, N. Y. Adv. 9.

### TEACHERS' EXAMINATION
